## REPORT ON ROADS.

When the members of the Hot Springs Chamber of Commerce go to Little Rock tonight to attend a meeting of the Little Rock Chamber of Commerce, they should be able to carry with them some assurance that the highway connecting the cities that was proposed and promised more than a year ago, will be built.

Little Rock spent much extra effort on its highway extending towards Hot Springs, on the promise made by men from this city to connect.

Citizens of Benton and Saline county pulled off their coats, and made up in work what they lacked ability to do with actual cash, and they were working under the inspiration of a promise from Hot Springs.

Our end of the road is the only end that has met with neglect. We have the part of the road in our county that keeps it from being used. Our people would use the road to great advantage, our visitors would use it to great enjoyment, and citizens of Arkansas would use it to our great profit, if the road were completed.

The recent declaration of Judge Mooney that he would help the movement, means that within a few months we can open up this very important highway if we get down to business. This road building business has passed through the hysteria stage. It is now down to cold hard facts. It will require prompt work, and of the right sort, to build a good road from Hot Springs to the eastern border line of the county. Lets get that work done at the earliest possible moment, and begin to reap the profits from it.

We are requested to deny the report that Charles Eveland and Clarence Horner will endeavor an impersonation of the Siamese twins in the Elks minstrels. Taint so.

The train "warning" should be recalled and a train boost should be announced that will be of advantage to the visitor and do no injury to the city.

The fact of the neglect of this reservation is taking root, and with a little more publicity, we will be able to force our rights through congress.

Hot Springs has a health board that is going to force its way, winning over obstacles, where former ones have succumbed to obstacles.

Tonight is the night for the members of the Young Men's Chamber of Commerce to be at the 5:30 train with their hand bags.

Splendid. The auto races in March will chug chug a noise that will be carried from Hot Springs all over the country.

Probably we don't make enough noise about the presence here of so many baseball celebrities at this time of the year.

And just for variation the Weather Man gave us yesterday a little March, a little December and a touch of spring.

Incidentally, if any fire bug is located in Hot Springs he will get what is coming to him.

Every road out of Hot Springs should have a little improvement district all its own.

Also it would have been bracing yesterday to have taken a forty mile spin out on a macadam road.

The Universal Film company, however, doesn't want the entire universe before it will move here.

Less than two weeks now in which to guarantee that state fair fund.

The court house rebuilding should be urged beyond all else.

At least we know now who the candidates will be.

It takes rocks to build roads.

## EXECUTIONS ISSUE TODAY.

Bondsman in the Swindle Cases Will Be Required to Make Bank Payment.

Notices have been served on the bondsmen who signed the replevin bond when Ed Spear drew \$10,200 from the Arkansas National bank, later established in court to have been the money of Ferd Piper, one of the swindle victims. The executions will be placed in the hands of the sheriff, who in turn has sixty days before it is necessary for him to make a report on the same. The bank required a bond in this sum before it delivered on replevin the money. In court it was established that money is not subject to replevin, which left it up to Spear and the bondsmen to make a refund to the bank of the sum.

## ANOTHER DISTRICT.

Higdon's Ferry Road to Be Surveyed with View to Improvement.

Turner Morehead, Jesse Rowe and Joe Payton have been named by President Hamp Williams of the Business Men's League as a committee to make a survey of the situation on the Higdon Ferry road with a view to forming an improvement district there that the road might be macadamized or improved. They will take out a petition immediately, and make a report to the Business Men's League.

## NO WONDER SHE IS GLAD

Only a Short Time Ago, was Unable to Stand and Out of Heart; Now Walks Two Miles Easily.

Rosedale, Okla.—"I am almost unable to describe what used to be my suffering," says Mrs. Beckey Barrett, of this town. "I suffered so for over two years, with womanly troubles, and had such pains, that I was unable to stand on my feet."

It seemed that I could not be helped, and thought my only chance was an operation. I took different medicines, but found no relief, and I got out of heart.

At last, I commenced to use Cardui, the woman's tonic, and I am glad to say that I am very much better. I have taken five bottles of Cardui, and I can do my work all right—all my housework—and can walk two miles at a time, easily.

I feel like a new woman. I will always recommend Cardui to all sick and suffering women, for I know that Cardui saved my life."

Cardui has proven itself to be an ideal tonic for women.

It is composed entirely of harmless, vegetable ingredients, which act specifically on the weakened womanly organs, helping to strengthen the muscles and nerves, and to build them up to health. Cardui has been in successful use for more than half a century. Give Cardui a trial. No doubt it's the very medicine you need.

## UNTOLD MISERY WITH ECZEMA

On Face in Red Pimples, Itched and Burned, Scratched Until Bled. Ashamed of Face. Cuticura Soap and Ointment Cured.

Frankinton, La.—"About four years ago my face broke out in little red pimples. At first the eczema did not bother, but finally the pimples began itching and burning and then there came little raised places. I suffered untold misery. I scratched them until they bled and I could not sleep at night. I was ashamed of my face and I could not bear to touch it."

"I tried different remedies without result until I tried Cuticura soap and ointment and in six weeks they completely cured my face. That was nine months ago and no sign has appeared since." (Signed) Mrs. Leola Stennett, Dec. 14, 1912.

## FOR PIMPLES AND BLACKHEADS

The following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## Methodist Minister Recommends Chamberlain's Cough Remedy.

Rev. James A. Lewis, Milaca, Minn., writes: "Chamberlain's Cough Remedy has been a needed and welcome guest in our home for a number of years. I highly recommend it to my fellows as being a medicine worthy of trial in cases of colds, coughs and croup." Give Chamberlain's Cough Remedy a trial and we are confident you will find it very effective and continue to use it as occasion requires for years to come, as many others have done. For sale by all dealers.
